## Crafting Programs through a Learning-Centered Lens

What should advisors know?  NACADA Core Competencies Informational Conceptual Relational Focus on learning	How will they learn this?  • Active learning  • High expectations  • Interaction between presenter and advisors  • Interaction among advisors  • Appropriate feedback	How do you know?  • What assessment should be developed?  • Does the assessment match the learning outcomes?  • How often should assessment happen?  • How does assessment inform future training?
